Special Notice.

Y evening the Lyric Administration closed its nearly twelve months' tenure of office. It started upon its career with the determination to make it a success in every respect, financially and musically, and it is to the full credit of the town, that they carried out a project which, in the hands of Mr. Wood, has been a credit to the city, and a source of pleasure to thousands. There was no necessity for the establishment of the Lyric, as the Theatre was doing a good business, and there was no room for another. But Mr. Wood, by his energy and perseverance, has proved that Chicago can support two Theatres, and that the Lyric was not a mistake. We have to regret that the Lyric Administration has not been more successful, but we are glad that Mr. Wood has been enabled to close his connection with the house without loss. He leaves behind him the reputation of having done his best to please the public, and of having succeeded in doing so. We hope to see him again in the city, and trust that he will be induced to remain in it.

Current Events.

No. 7, V. Jackson, Clerk, has been elected Judge of the Circuit, composed of the counties of Ogle, Carroll and Whiteside.

Article 8th, Section 2nd, of the Constitution of Illinois, adopted in 1848, reads as follows: "No person shall be a member of the General Assembly who shall not have been a citizen of the United States three years, and a resident within the limits of the county or district in which he may be chosen one year next preceding his election, unless he shall have been absent during that time on the business of the United States, or this State, or on a visit to the parent country, and shall actually reside within the limits of such county or district at the time of his election."

The Illinois River has deepened more or less during the past week. The water is now up to the level of the great lakes with the great exception of the bar at the mouth of the Illinois, which is still very shallow. Last week the steamer Sheldon Thompson, Capt. Hall, passed over the bar with a load of 1,200 bbls. of salt, drawing 7 feet of water. The steamer Gen. Brooke, Capt. Hall, has also passed over the bar with a load of 1,000 bbls. of salt, drawing 6½ feet of water. The steamer Sheldon Thompson is now at Peoria, and will leave there to-day for Chicago. The steamer Gen. Brooke is also at Peoria, and will leave there to-day for Chicago. The steamer Gen. Brooke is also at Peoria, and will leave there to-day for Chicago. The steamer Gen. Improvement of the Illinois River.

We would invite the attention of our readers to the following letter from Gen. Brooke, of Peoria, to the Governor of Illinois, a decided candidate for the Executive chair in this State, to be sent by the next Legislature. Gen. B. is a member of the Illinois River Improvement Convention, which met at Peoria, Jan. 7, 1784. Gen. Brooke's Resolutions being the first—and we believe the only—Resolutions ever passed by any Convention, looking to the improvement of the Illinois River, we have no doubt that the Governor will publish it in full. We are glad to see that Gen. Brooke is a candidate for the Governorship, and we believe that he will be nominated either at the Springfield or Chicago Democratic Convention. We would like to see the Illinois River improved, and we would like to see Gen. Brooke Governor of Illinois, but we would rather see the Illinois River improved than to see Gen. Brooke Governor of Illinois. We would rather see the Illinois River improved than to see Gen. Brooke Governor of Illinois. We would rather see the Illinois River improved than to see Gen.
